The main goal is to save money. For each maintenance, it will cost you from 35e to 50e maximum, while it costs more than 200e at your car dealer. You save at least 150e per service. More than money.

you save time here ! We assure you than after the first learning, you will not need more than 30 minutes! Better than go to the car dealer and wait for two hours. The Child's Play Maintenance manuals have the goal to allow anyone to do its car service himself. We think your mechanic charge far too much for what it is, and we want you to avoid this useless expense. The Child's Play Mazda 3 is the first of the serie, each manual is specific to a single model (location of the parts are different, as the way to replace them)
